Summary Annual Report (SAR): Stryker Corporation Welfare Benefits Plan

This is a summary of the annual report of the Stryker Corporation Welfare Benefits Plan, EIN 38-1239739, Plan No. 501, for period 1/1/2025 through 12/31/2025. The annual report has been filed with the Employee Benefits Security Administration, U.S. Department of Labor, as required under the Employee Retirement Income Security Act of 1974 (ERISA).

Stryker Corporation has committed itself to pay certain self-insured medical, prescription drug, dental, vision, and short-term disability claims incurred under the terms of the plan.

Insurance Information

The plan has contracts with BlueCross BlueShield of Alabama, Cigna Health and Life Insurance Company, Unum Life Insurance Company of America, Kaiser Foundation Health Plan, Inc., Hawaii Medical Service Association, Lyra Health, Inc., Delaware American Life Insurance of America, and Lyra Clinical Associates P.C. to pay Medical, Prescription Drug, Dental, Vision, Life Insurance, Long-term Disability, Accidental Death and Dismemberment, Employee Assistance Program, and Medical Benefits Abroad claims incurred under the terms of the plan. The total premiums paid for the plan year ending 12/31/2025 were \$27,869,856.

The contracts with BlueCross BlueShield of Alabama are so called “experience-rated” contracts, the premium costs are affected by, among other things, the number and size of claims. Of the total insurance premiums paid for the plan year ending 12/31/2025, the premiums paid under such “experience-rated” contracts were \$1,174,542 and the total of all benefit claims paid under these contracts during the plan year was \$968,770.

Notice Regarding Wellness Program

Strive for wellbeing is a voluntary wellbeing program available to all employees. The wellbeing program is administered according to federal rules permitting employer-sponsored wellness programs that seek to improve employee health or prevent disease, including the Americans with Disabilities Act of 1990, the Genetic Information Nondiscrimination Act of 2008, and the Health Insurance Portability and Accountability Act, as applicable, among others. If you choose to participate in the Strive for wellbeing program, you can earn points for completing voluntary Wellbeing Assessment that asks a series of questions about your health-related activities and behaviors and whether you have or had certain medical conditions (e.g., cancer, diabetes, or heart disease). You are not required to provide genetic information to participate. “Genetic information” includes information about your family medical history and genetic test results.

Employees who choose to participate in the wellbeing program may receive incentives such as Strive branded products, cash or gift card prizes for completing wellbeing activities. If you are unable to participate in any of the health-related activities or achieve any of the health outcomes required to earn an incentive, you may be entitled to a reasonable accommodation or an alternative standard. You may request a reasonable accommodation or an alternative standard by contacting the myHR Team.

Participation (or non-participation) does not affect employment status, benefits eligibility, or be used in employment decisions.

The information from your Wellbeing Assessment will be used to provide you with information to help you understand your current health and potential risks, and may also be used to offer you services through the wellbeing program, such as providing suggestions for activities that you can participate in pertaining to your health results. You also are encouraged to share your results or concerns with your own doctor. Information you provide through the Wellbeing Assessment will be maintained in a confidential manner. Stryker will not receive your individual responses or results, except as required to administer incentives or as otherwise permitted by law. Stryker may receive de-identified, aggregate information to evaluate the program.

The wellbeing program and its service providers maintain reasonable administrative, technical, and physical safeguards designed to protect the privacy and security of your information. Information will be retained only as long as necessary to administer the program and as required by applicable law and/or vendor retention policies, and then will be securely disposed of or de-identified.

The wellbeing program provides general wellness information and is not intended to be medical advice or a substitute for care from your health care provider. If you have an emergency, call 911 or your local emergency number.

Notice of Your Right to Request a Special Enrollment Opportunity

If you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to enroll yourself and your dependents in this plan, without waiting for the next open enrollment period, if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependents' other coverage). However, you must request enrollment within 30 days of the date your or your dependents' other coverage ends (or after the employer stops contributing toward the other coverage, if that occurs later than the date coverage ends).

In addition, if you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within 30 days of the marriage, birth, adoption, or placement for adoption.

Stryker will also allow a special enrollment opportunity if you or your eligible dependents either:

- Lose Medicaid or Children's Health Insurance Program (CHIP) coverage because you are no longer eligible, or
- Become eligible for a state's premium assistance program under Medicaid or CHIP.

For these enrollment opportunities, you will have 60 days—instead of 30 days—from the date of the Medicaid/CHIP eligibility change to request enrollment in the Stryker group health plan. Note that this 60-day extension doesn't apply to enrollment opportunities other than those due to the Medicaid/CHIP eligibility change.

Note: If your dependent becomes eligible for a special enrollment right, you may add the dependent to your current coverage or change to another health plan.

HIPAA special enrollment rights allow you to enroll yourself and/or your dependent(s) in medical coverage following certain circumstances.

- If you (or your dependents) lose other medical coverage or when a person becomes your dependent by birth, adoption, placement adoption or marriage, you generally have 30 days to enroll in the Plan.
- If you lose eligibility for coverage under a state Medicaid or CHIP program, or if you become eligible for state premium assistance under Medicaid or CHIP, you generally have 60 days to enroll in the Plan's medical benefits.

To request special enrollment or obtain more information or to enroll due to another qualifying life event, contact the myHR Team.

Women's Health and Cancer Rights Act of 1998 Notice

Under federal law, group health plans and health insurance issuers that provide medical and surgical benefits for mastectomies must also provide coverage for the services listed below.

For individuals receiving mastectomy-related benefits, the following services are to be provided in a manner determined in consultation with the attending physician and the patient:

- All stages of reconstruction of the breast on which the mastectomy has been performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- Prostheses; and,
- Treatment of physical complications in all stages of the mastectomy, including lymphedema.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under this plan. If you would like more information on WHCRA benefits, contact the myHR Team at 877 795 2002 or <http://myhr.stryker.com>.

Notice of Creditable Status of Your Prescription Drug Coverage

The purpose of this notice is to advise you that the prescription drug coverage listed below under the Stryker medical plan are expected to pay out, on average, at least as much as the standard Medicare prescription drug coverage will pay in 2027. This is known as “creditable coverage.”

Why this is important. If you or your covered dependent(s) are enrolled in any prescription drug coverage during 2027 listed in this notice and are or become covered by Medicare, you may decide to enroll in a Medicare prescription drug plan later and not be subject to a late enrollment penalty—as long as you had creditable coverage within 63 days of your Medicare prescription drug plan enrollment. You should keep this notice with your important records.

Please read the notice below carefully. It has information about prescription drug coverage with Stryker and prescription drug coverage available for people with Medicare. It also tells you where to find more information to help you make decisions about your prescription drug coverage.

Notice of Creditable Coverage

You may have heard about Medicare’s prescription drug coverage (called Part D), and wondered how it would affect you. Prescription drug coverage is available to everyone with Medicare through Medicare prescription drug plans. All Medicare prescription drug plans provide at least a standard level of coverage set by Medicare. Some plans also offer more coverage for a higher monthly premium.

Individuals can enroll in a Medicare prescription drug plan when they first become eligible, and each year from October 15 through December 7. Individuals leaving employer/union coverage may be eligible for a Medicare Special Enrollment Period.

If you are covered by **any prescription drug plan offered under the Stryker Corporation Welfare Benefits Plan**, you’ll be interested to know that the prescription drug coverage under the plans are, on average, at least as good as standard Medicare prescription drug coverage for 2027. This is called creditable coverage. Coverage under a Stryker plan will help you avoid a late Part D enrollment penalty if you are or become eligible for Medicare and later decide to enroll in a Medicare prescription drug plan.

If you decide to enroll in a Medicare prescription drug plan and you are an active employee or family member of an active employee, you may also continue your employer coverage. In this case, the plan will continue to pay primary or secondary as it had before you enrolled in a Medicare prescription drug plan. If you waive or drop Stryker coverage, Medicare will be your only payer. You can re-enroll in the employer plan at annual enrollment or if you have a special enrollment event for the Stryker plan, assuming you remain eligible.

You should know that if you waive or leave coverage with Stryker and you go 63 days or longer without creditable prescription drug coverage (once your applicable Medicare enrollment period ends), your monthly Part D premium will go up at least 1% per month for every month that you did not have creditable coverage. For example, if you go 19 months without coverage, your Medicare prescription drug plan premium will always be at least 19% higher than what most other people pay. You’ll have to pay this higher premium as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to enroll in Part D.

You may receive this notice at other times in the future—such as before the next period you can enroll in Medicare prescription drug coverage, if this Stryker coverage changes, or upon your request.

For more information about your options under Medicare prescription drug coverage

More detailed information about Medicare plans that offer prescription drug coverage is in the *Medicare & You* handbook. Medicare participants will get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare prescription drug plans. Here's how to get more information about Medicare prescription drug plans:

- Visit www.medicare.gov for personalized help.
- Call your State Health Insurance Assistance Program (see a copy of the *Medicare & You* handbook for the telephone number).
- Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.

For people with limited income and resources, extra help paying for a Medicare prescription drug plan is available. Information about this extra help is available from the Social Security Administration (SSA). For more information about this extra help, visit SSA online at www.socialsecurity.gov or call 1-800-772-1213 (TTY 1-800-325-0778).

Remember: Keep this notice. If you enroll in a Medicare prescription drug plan after your applicable Medicare enrollment period ends, you may need to provide a copy of this notice when you join a Part D plan to show that you are not required to pay a higher Part D premium amount.

Premium Assistance Under Medicaid and the Children’s Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you’re eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren’t eligible for Medicaid or CHIP, you won’t be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren’t already enrolled. This is called a “special enrollment” opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance**. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call **1-866-444-EBSA (3272)**.

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of July 31, 2026. Contact your State for more information on eligibility.
