How the Surest Advantage Plan works

With the Surest Advantage Plan through UnitedHealthcare (UHC), there is no coinsurance or deductibles, only copays, which you can look up on the Surest app or member website before making an appointment. For office visits and many procedures, you see one price. By grouping these services—combining the labs and x-rays that go along with a medical procedure or test into one price—Surest makes it easier for you to know what you'll pay in advance.

Surest evaluates providers and locations based on past claims data. Higher Care Ratings are given to high-value providers with a record of quality, safety, efficiency and effectiveness, such as lower rates of complications after surgeries and better use of resources. Providers with a higher Care Rating are assigned a lower copay. For more information and to look up costs of care before you enroll, visit surest.care/stryker.

Medical plans—UnitedHealthcare Surest Advantage and PPO Plans

The UnitedHealthcare (UHC) Surest Advantage and Value PPO Plans are available to employees in most Stryker locations. The Out-of-Area plan is available if there is no satisfactory access to the UHC ChoicePlus network in your area. If you reside in California or Hawaii, alternative medical/prescription drug plans are offered.

Family	\$8,000	\$16,000	\$9,250	\$18,500	\$6,250

*For out-of-network costs, see the Summaries of Benefits and Coverage on totalrewards.stryker.com/Resources. The allowed amount for an out-of-network claim is developed using reference-based methodology from Naviguard. Call UnitedHealthcare or Surest, as it applies to you, to find out if Naviguard can assist you with negotiations and other billing assistance.

*For office visits and many procedures, Surest combines the labs and x-rays that go along with a procedure into one price. This table shows copays as a range because copays vary by provider, service and location. Providers or locations with higher Care Ratings have lower copays. For more information and to look up costs for care, visit surest.care/stryker.

**The allowed amount for an out-of-network claim is developed using reference-based methodology from Naviguard. Call UnitedHealthcare to find out if Naviguard can assist you with negotiations and other billing assistance.

In general, your network provider must obtain prior authorization from UnitedHealthcare, as described in the [Summary Plan Description](#), before you receive certain covered health services. There are some services, however, for which you are responsible for obtaining prior authorization from UnitedHealthcare.

Prescription plan—UnitedHealthcare HSA plans (continued)

UnitedHealthcare HSA plans

With the UHC HSA medical plans, there are no copays for prescriptions drugs. Instead, you pay 100% of the cost for non-preventive prescription drugs, until you meet the HSA plan's deductible.

Prescription costs and coinsurance			
	If your deductible has not been met...	If your deductible has been met...

Dental plan—Delta Dental

Healthy teeth and gums are important to your overall wellbeing, and the dental plan through Delta Dental can help you maintain your dental health. The plan pays for most preventive and diagnostic care and helps cover the cost of basic and major restorative treatments.

With the Delta Dental PPO Plan, you have the freedom to choose any provider you wish, but you may save more money and receive a higher level of coverage when you see an in-network Delta Dental PPO or Premier dentist.

Visit deltadentalmi.com to use the “Find A Dentist” tool, which helps you locate participating providers and see if they are accepting new patients. The tool features a “DentaQual” rating, allowing you to identify high-value dental providers based on treatment outcomes, adherence to best practices, cost-effectiveness, patient retention and treatment recommendations.

Class IV benefits • Orthodontic services (includes braces)	50%	50%

*When you receive services from a Nonparticipating Dentist, the percentages in this column indicate the portion of Delta Dental's Nonparticipating Dentist Fee that you will pay for those services. The eligible Nonparticipating Dentist Fee may be less than what the Dentist charges or Delta Dental approves and you are responsible for that difference.

PPO vs. Premier dentists

With the Delta Dental PPO plan, you are free to see any licensed dentist. However, you will save the most money by visiting a Delta Dental network dentist.

- **Delta Dental PPO:** You will save the most with a Delta Dental PPO dentist. PPO dentists agree to accept Delta Dental's reduced PPO fees as payment in full for dental services. This means they cannot bill you the difference between what they usually charge and what the Delta Dental PPO fee is.
- **Delta Dental Premier:** You will pay more with a Delta Dental Premier dentist compared to a Delta Dental PPO dentist. However, you will likely save compared to an out-of-network dentist. Premier dentists agree to Delta Dental's maximum plan allowance as payment in full, which may be lower than the dentist's regular fee.

Vision plan—EyeMed

Vision benefits are so much more than an eye exam—they can also help you save money and stay healthy. Even if you don't wear glasses or need corrective lenses, your eyesight can change at any time.

Some serious health problems—such as diabetes, high blood pressure and autoimmune conditions—can show early signs through your eyes, so it's important to take advantage of your vision plan.

Flexible Spending Accounts (FSAs)

Flexible Spending Accounts (FSAs) allow employees to contribute to an account through pre-tax deductions from each paycheck. These pre-tax deductions mean that the contributions are taken out before taxes are applied, which effectively lowers your taxable income for the year. The money elected can be used to reimburse out-of-pocket health or day care (child and adult) expenses.

Healthcare Flexible Spending Account (HCFSA)

The minimum annual election is \$100 and the maximum is \$3,300. Examples of eligible expenses include but are not limited to the following: copayments, coinsurance amounts, dental care, hearing exams, hearing aids, laser eye surgery, over-the-counter items like bandages and feminine hygiene products and prescriptions not covered under the medical/Rx plan.

You can participate in an HCFSA as long as you are not participating in an HSA.

Day Care (child and adult) Flexible Spending Account (DCFSA)

The minimum annual election is \$100 and the maximum is \$5,000. Examples of eligible expenses include but are not limited to the following*:

- day care center charges for a child or an incapacitated elderly adult
- after-school care
- babysitter charges

The DCFSA is available to all benefits-eligible employees.

* During the hours when the employee and spouse are working, looking for work, attending school full-time or disabled.

A list of eligible expenses can be found at myuhc.com or visit irs.gov and see [Publication 502](#). **Please note that the funds you contribute to a flexible spending account are subject to IRS and plan rules. Please see the [Summary Plan Description](#) for claims filing deadlines and forfeiture rules.**

Health Savings Account (HSA)

The Health Savings Account (HSA) is a triple tax-advantaged savings account available to employees enrolled in either the Premium HSA or Basic HSA Plans, as long as you are not enrolled in other disqualifying coverage. For information on eligibility, refer to the [HSA User's Guide](#) from Optum.

- Employees contribute to the account through pre-tax deductions from each paycheck (lowering your taxable income).
- Funds can be withdrawn tax-free to pay for eligible healthcare expenses, and money in your account rolls over from year to year.
- Once you reach a balance of \$2,100, you have the option to invest some of your balance and potentially grow your account with tax-free earnings.

Employee and employer contributions

Stryker also makes an annual contribution to your HSA each year you are enrolled in one of Stryker's HSA medical plans and your account is successfully opened at Optum.^{1,2} Your and Stryker's HSA contributions are limited to the IRS annual maximum. Stryker's contribution amount will vary based on the plan you choose and your coverage tier. See [page 7](#) for details.

The 2026 limits are:

\$4,400 annually for individual coverage

\$8,750 annually if you cover your spouse/domestic partner or dependents

An additional \$1,000 per year as a catch-up contribution, if you are age 55 or older

¹ Direct temporary employees and interns are not eligible for Stryker HSA funding but are eligible to elect and contribute their own funds to the account.

² If you enroll during the Annual Enrollment period, Stryker's contribution will be available in your account by January 31, 2026. If you are a new hire or have a qualifying life event that allows you to enroll in an HSA plan mid-year, your Stryker contribution will be deposited as soon as administratively possible and is typically made after the first payroll following the date you enroll in one of Stryker's HSA medical plans. If you enroll in an HSA mid-year, you may only be eligible to contribute a prorated amount. Although the employee contribution is prorated based on the coverage period, Stryker's contribution remains fixed and is not prorated. Visit totalrewards.stryker.com for more information.

Group life insurance

Planning ahead for your family's financial security is important, in case the unexpected happens. That's why Stryker provides basic life and accidental death and dismemberment (AD&D) insurance—at no cost to you—to help protect you and your loved ones.

Basic life and AD&D

Eligible employees are provided with basic term life and accidental death and dismemberment (AD&D) insurance, fully paid for by Stryker. The coverage for both life and AD&D is equal to one times your eligible annual earnings (up to a maximum of \$500,000).

Supplemental life insurance

Eligible employees can purchase supplemental life insurance through payroll deductions on an after-tax basis. The coverage is available from one times up to five times of your eligible annual earnings, with a maximum of \$1,500,000. The cost of the coverage is based on your age and your income and can be found on the Benefits Enrollment Site (enroll.stryker.com).

Spouse/domestic partner and child life insurance

Eligible employees may choose to elect life insurance for their spouse/domestic partner and/or child(ren)/domestic partner's child(ren). Coverage is multiples of \$10,000 (up to a maximum of \$100,000) for a spouse/domestic partner and \$10,000 for each child (\$1.04 per month), regardless of the number of children. The employee will pay the full cost of the life insurance coverage on an after-tax basis. Dependents do not have to be enrolled in Stryker's health plan in order to be eligible for dependent life insurance. The beneficiary is automatically the employee.

You can designate and update your life insurance beneficiaries at any time via enroll.stryker.com.

Any increases due to a change in benefit option or new enrollments (outside of your new hire enrollment window) in supplemental and/or spouse/domestic partner life insurance will require evidence of insurability (EOI).

Please see the [Summary Plan Description](#) for details on Guaranteed Issue amounts and policy details.

Short-term and long-term disability

Short-term and long-term disability is provided at no cost to eligible employees. Unum's disability professionals will review medical information and make a determination on whether the disability claim can be approved.

Short-term disability

Employees are eligible for up to 180 days of disability benefit payments if approved by Unum. Short-term disability is coordinated with state disability benefits, if applicable.

Long-term disability

After the short-term disability benefit is exhausted, employees are eligible for long-term disability benefits with 60% of basic monthly earnings not to exceed a maximum monthly benefit of \$15,000, if approved by Unum. When an individual is eligible for Social Security, the benefit will be coordinated with the Social Security benefit and an individual will never receive more than 60% of earnings.

Adoption assistance

Stryker provides up to \$5,000 in reimbursement for expenses related to an adoption, with a maximum of two claims allowed per lifetime.

Please contact the [myHR Team](#) for further information or visit the Work/life section of totalrewards.stryker.com.

Employee discounts

Our employee discount vendor, PerkSpot, gives you a free online platform where hundreds of merchants offer discounts on electronics, apparel, travel, automotive and more.

Looking for a new car? PerkSpot auto merchants include Ford, Toyota, Audi and others. Grocery shopping? On the PerkSpot website you'll find hundreds of coupons ready to clip, as well as discounts on meal-kit companies. You can explore a number of local deals and even request new participating merchants. PerkSpot also has a low-rate guarantee on 600K+ hotels.

Visit the Employee Discounts page on totalrewards.stryker.com to learn more about all of the discounts and programs available to you.

Tuition reimbursement plan

Stryker supports reimbursement for educational programs that maintain and improve an employee's skills in their current job or in future work within the company. Eligible employees in good standing are eligible to participate after completing one year of service.

In order to be eligible for reimbursement, the Tuition Reimbursement Approval form must be properly submitted to your manager and the [myHR Team](#) for approval before your classes begin. The maximum reimbursement amount per employee is \$15,000 per calendar year.

Stryker will also reimburse certain additional costs, including books.

IRS regulations require you to be taxed on any tuition reimbursement received in any tax year over \$5,250. Please refer to the [Summary Plan Description](#) for additional plan limits.

Commuter benefits

Commuter benefits are tax-advantaged accounts for qualified commuting expenses. If you get to and from work on a bus, rail, subway or vanpool, or if you have to pay to park your car at the office, take a look at how the program can help.

Unlike other tax-advantaged benefits, you can activate commuter benefits any time. Pause, change or update your benefit election monthly. No need to wait for Annual Enrollment. And, there's no "use it or lose it" rule for your commuter funds.

You can elect to contribute up to the monthly IRS limit of \$325 for transit and \$325 for parking. Decide the amount you want to contribute, and the money is deducted from your paycheck, before taxes are taken out.

To learn more, enroll in the program or manage your account, visit [HealthEquity](#).

401(k) plan

Stryker is committed to supporting your financial wellbeing, which is why we provide the Stryker Corporation 401(k) Savings and Retirement Plan to help you prepare for retirement by offering an easy, tax-advantaged way to save for your future financial needs.

Employees who are at least 18 years of age are eligible to participate in the 401(k) plan. The plan has an auto enrollment feature, which means 3% of pre-tax earnings will be deducted as a 401(k) contribution, beginning approximately 30 days after an employee's first paycheck. Additionally, each March (or a month of the participant's choice) the deferral rate will be increased by 1%, until the deferral rate reaches 15%. Employees may enroll at a higher rate, change the investment allocation or opt out of the 401(k) at any time after they receive their welcome letter from Vanguard. **Please be sure to enter your beneficiary information on vanguard.com or request a beneficiary form from Vanguard by calling them directly.**

Contributions

Participants can choose to make pre-tax contributions, Roth after-tax contributions or a combination of pre-tax and Roth contributions. Pre-tax contributions will not be subject to current federal or state income tax. A roll-in provision is also available for employees.

Company matching contributions

Stryker provides a matching contribution on the first 8% of eligible pay contributed by each participant, equal to \$.50 for every \$1.00 the participant contributes. Thus, the maximum matching contribution is 4%. Any eligible pay contributed by the participant above the applicable limit is not matched. All matching contributions require that the participant be credited with 1,000 hours of service during the year and remain employed on the last day of the plan year.

Company discretionary contributions

At the end of each plan year, the company will decide on the amount of its discretionary contribution for that year. **No discretionary contribution is required to be made by the company.** Those employees in a sales representative role are not eligible for the company discretionary contribution. All discretionary contributions require that the participant be credited with 1,000 hours of service during the year and remain employed on the last day of the plan year.

Additional information

Additional information with regard to rollovers, taxation and catch-up contributions can be found in the 401(k) Summary Plan Description. You can also find more information about your 401(k) plan, including company contributions, vesting, investment choices and more on totalrewards.stryker.com in the Money section.

Employee Stock Purchase Plan (ESPP)

Employees who are at least 18 years of age are eligible to participate in the Employee Stock Purchase Plan (ESPP). Employees may purchase Stryker stock at a 5% discount from Fair Market Value through the ESPP. Stryker pays all fees for stock purchases through this plan. Enrollment/change periods are the first 15 days of every month. Please refer to the [ESPP explanatory guide](#) for more information.

Supplemental health benefits

Even with comprehensive coverage from one of Stryker's medical plans, you will still have out-of-pocket expenses if you become critically ill or seriously injured.

Supplemental health insurance offers additional protection to help you pay for these expenses, and is intended to supplement your primary medical plan by providing payments in the event of a significant illness, accident or hospital stay. We offer three supplemental health policies to all regular employees scheduled to work 20 hours or more per week:

- Critical illness insurance
- Accident insurance
- Hospital indemnity insurance

You can find more information about supplemental health insurance and how the policies work on the next few pages, or by visiting totalrewards.stryker.com.

Supplemental benefit policies are offered by Transamerica and are not ERISA-covered group health insurance plans. Enrollment is completely voluntary. If you enroll in a policy, you must deal directly with the insurance company to request assistance or submit a claim.

Additional information from Transamerica about hospital indemnity insurance

IMPORTANT: This is a fixed indemnity policy, NOT health insurance

This fixed indemnity policy may pay you a limited dollar amount if you're sick or hospitalized. You're still responsible for paying the cost of your care. The payment you get isn't based on the size of your medical bill. There might be a limit on how much this policy will pay each year. This policy isn't a substitute for comprehensive health insurance. Since this policy isn't health insurance, it doesn't have to include most Federal consumer protections that apply to health insurance.

Looking for comprehensive health insurance?

Visit [HealthCare.gov](https://www.healthcare.gov) or call 800 318 2596 (TTY: 855 889 4325) to find health coverage options. To find out if you can get health insurance through your job, or a family member's job, contact the employer.

Questions about this policy?

For questions or complaints about this policy, contact your State Department of Insurance. Find their number on the National Association of Insurance Commissioners' website ([naic.org](https://www.naic.org)) under "Insurance Departments." If you have this policy through your job, or a family member's job, contact the employer.

Hospital indemnity insurance

Spending time in a hospital, especially for an extended stay, can be expensive and cause lasting financial strain. Hospital indemnity insurance is an easy way to get added financial protection to help you pay for medical or ongoing living expenses. This money can help offset the hospital bill, take care of day-to-day expenses or pay for anything else you need while you are in the hospital.

This is not major medical insurance and is not a substitute for major medical insurance. It does not qualify as minimum essential health coverage under the federal Affordable Care Act.

This is a brief summary of Hospital Select® II hospital indemnity insurance policy **underwritten by Transamerica Life Insurance Company (TLIC)**, Cedar Rapids, IA. Underwritten by Transamerica Life Insurance Company

Below are a few examples of how your hospital indemnity insurance could be used (policy amounts may vary):

- Medical expenses, such as deductibles and copays
- Travel, food and lodging expenses for family members
- Child care
- Everyday expenses like utilities and groceries
